## GUIDELINES FOR BUILDING FAIRY HOUSES

- We suggest using natural materials. Manmade objects may be used if found in nature.
- All fairy houses should appear to be made entirely of natural components. Hot glue, acrylic spray, natural twine, plywood and other manmade items can be used but should be completely concealed by natural elements.
- Be careful not to use or disturb any of nature's materials that are still living.
- Houses may be any size and the theme of the house may be anything you wish.
- Designs are open to the Artist's interpretation of the guidelines.

## INSTALLATION

- Houses may be dropped off on Saturday JUNE 16 starting at 11 AM.
- Please enter at Portage Rd: follow the arrow to the right, then turn left at parking lot B, follow the paved road to the left of the red brick road and the right of the clay studio, the road will become gravel, park at the fisherman's lot and walk to the Art Activities area to drop off your Fairy House.
- The Festival will be held Noon-7 and Fairy Houses can then be taken home that evening, picked up the next week or left at ARTPARK.
